Love at First Sip

June is National Ohio Wine Month. Yay! We get an excuse to use a whole month to sip and explore all that this great state has to offer in fine wines. Here at Lehman's, we are putting a spotlight on the Lake Erie Region. The southern rim of Lake Erie and the northern border of Ohio meet with warm lake breezes. Perfect for vines grown in this area. Most notable, that are growing fast in popularity, are sweet, fruity whites that make a great aperitif or a perfect dessert wine.
